Specialist*

## PHYSICIAN ASSISTANTS

Courtney Kuhn, PA-C  
Marc Civitano, PA-C  
Danielle Maucieri, PA-C

### Covid-19 -- What this means for Specialty Orthopaedics

The physicians of Specialty Orthopaedics have been and will continue to treat patients with urgent and acute musculoskeletal injuries and conditions in our Harrison office Monday-Friday during the hours of 9am to 5pm by appointment.

We have been taking every precaution to protect the health and well-being of our patients and our staff. For your patient's safety, we pre-screen all visitors via telephone and temperature scan upon arrival to the office. In addition, we continue to comply with social distancing.

In order to minimize risks to our patients, our new Specialty Orthopaedics TeleHealth portal is also available to ensure continuity of care with virtual face-to-face visits to discuss X-ray or MRI results, evaluate progress of treatment, and provide care for those patients who are unable to leave their homes.

As the COVID-19 virus crisis continues to impact our area, Specialty Orthopaedics is committed to supporting our community by offering patients a safe, convenient alternative to the hospital ER when urgent orthopedic care is needed. Our facility is equipped with digital X-ray, bracing, and casting to treat most orthopedic injuries and issues.

Please call us at 914.686.0111 or visit [www.SpecialtyOrthoNY.com](http://www.SpecialtyOrthoNY.com) to request an appointment.

We are here, and will continue to be here for you and our community.

Sincerely,  
Specialty Orthopaedics
